

Wood Lecterns - Lectern One

A classic blend of contemporary technology and ageless craftsmanship, the Lectern One will add visual and functional distinction to your board or meeting room.

The Lectern One is created from the finest solid hardwoods available. It is carefully assembled and hand finished to enhance and preserve the natural wood beauty. The basic modular components of the Lectern One system are the lectern unit, leg unit, shelf unit, and cast aluminum base. The system is designed to accept a variety of options and custom installations while maintaining aesthetic communication and technical integrity. A complete line of custom installed options and accessories is available to tailor the Lectern One to your precise requirements. Step up to Lectern One and choose the options you need to satisfy your communications requirements.
